Sunbeam has been bred to Royal Peruvian Challenger, dark rose grey, for a May 22nd 2007 cria! Challenger has a female to male ratio of 85% with his 44 registered crias! Sunbeam is one of our favorites, she is sweet, gentle and easy to get along with. A very good mother to her 3 offspring. We have seen her with each of those births and she is a "easy keeper". Sunbeams daughter of 2005 "Ferrari's Golden Girl" has been in the show ring taking a third in halter. She would have placed better but we sheared her cria fleece off in August. Sunbeam is frequently the baby sitter for the other mothers and is gentle with all in the herd.

Ribbons:

She placed in the AOBA National fleece Show 2004 in the light fawn class of many.

Sunbeam was first bred when she was 2 years 4 months old in 2003 and she took in one breeding! She has continued this through the next years, taking in one breeding each year! She is just a no trouble girl and gives beautiful babies!
