The Rebel's Lucia is a dear, sweet girl. Very gentle with the crias she is pasturing with and just easy to get along with. She is halter trained and walks cooperatively along.

Her full sister, a year older, The Rebel's Midnight Dancer, also a true black has a micron of 28. We will test Lucia's fleece after the April 2008 shearing. She has a very fine soft fleece; her crias will need density added by the sire to perform well in the show rings. Good candidates to breed Lucia to in November 2008 would be our Grey cloud, a medium rose grey with Blue Ribbons and Reserve Champion. The Cloud is half Accoyo and has a nice dense fleece. Crockett, our multi-champion light rose grey herdsire also would be a good choice. He has a dense fleece and very straight conformation with heavy bone.

Lucia's dam, our Cherry, is a great mother and very good milk provider for her three crias born here. She has a Blue Ribbon and a Reserve Champion from the Sun City Sizzle 2005 show. The great herdsire, Peruvian Hemingway is her great grand sire and Peruvian Pluro rounds out some nice genetics on her sire's side.

We are offering her at this great price in order to make room for the 2008 spring and fall crias. Lucia will be a nice addition to any herd and will make a great dam like her mother before her.
